Continually Improving Standards

Accreditation Preparation Services

Value for Money Consultancy Services

We will provide you with:

- ✓ Provide compliance with Health & Safety regulations
- ✓ Document evidence of safe working
- ✓ Prepare documents for Chas and other safety accreditations such as PAS 91, Safe contractor, SSIP etc

We will apply for the accreditation for you. We will take the strain of preparing the package and deliver it to the awarding body in good time to suit your business.

Our Consultancy Fees

Our consultants charge a basic daily fee depending on the complexity of the work undertaken

- ✓ Fee start from only £150 per day to a maximum of £350 per day, normally we charge £150 per day for Chas for example and this work will usually be completed in two days.
- ✓ Our consultants will allocate the time for completion in accordance with your business programme.

We can develop a tailored safety management system that will enable you to achieve the initial accreditation of your choice.

Documents will be prepared and uploaded to the website for you.
